C44 PENDANT

A Ø55mm×H200mm

B Ø75mm×H190mm

Product description

Our LED Track Light is designed to deliver versatile and adjustable lighting solutions for dynamic spaces. Ideal for retail stores, showrooms, galleries, offices, and modern residential interiors, it provides focused illumination with the flexibility to reposition and direct light exactly where it is needed.

Engineered for precision accent lighting, the track light highlights merchandise, artwork, architectural details, and feature walls with uniform brightness and controlled beam angles. Its sleek, contemporary design seamlessly integrates into modern ceiling systems, enhancing both functionality and aesthetics.
